Articles

- An analogue of Mordell conjecture over function fieldsKazuhisa MAEHARA·· 1
- Flags and matchingsYoshiaki UENO·· 3
- On singularities for solutions of Hamilton-Jacobi equationShizuo NAKANE·· 6
- An automatic spectroscopic ellipsometer of a rotating analyzer type
.....Shuichi KAWABATA, Hiroyuki MIYATA·· 11
- On contraction time and EMG dwell time of isometric
force during ballistic matching taskMizuo KIMURA, Tsugutake YONEDA,
Hitoshi KITA·· 20
- Magnetic positive coupling between two ferro-magnetic
films supported by a non-magnetic interlayer
.....Shin WATANABE, Yoshitada TOMODA·· 30
- Photon Distribution in Light Scattering and the Detection of a
Single Small Particle in a LiquidShin-ichi ITOH·· 34
- Measurement of Ink Film Thickness on the Roller
with Optical Displacement-MeterMichitaka NONAKA·· 39
- The Effects of Cyclodextrins on the Reduction of Ninhydrin
with *N*-Alkyl-1, 4-dihydronicotinamides
.....Keiko TAKAHASHI, Masazumi UEMATSU,
Yukihiro SONEDA, Kenjiro HATTORI·· 46
- Useful Concentration Range of Cadmium Amalgam as Indicator
Electrode in Propylene CarbonateYukio SASAKI·· 53
- A mathematical model for the transverse oscillations of square cylinder
.....Yukio TAMURA·· 56
- Relationship between the use and distance of public libraries
—Statistical study based on a survey of libraries in the Nerima Ward—
.....Shintaro MANABE·· 63
- Relationship between Subjective Brightness and the Size of
Aperture of the PupilGenro KAWAKAMI, Toshio ARAI,
Yoshinobu SEIDA·· 71
- Digital Measurement of the *Q*-value of a -18.5° X-Cut
Bar Utilizing the Radio Frequency MonitorIsao MATSUDA, Yuichi UEKI,
Nobunori OURA, Naimu KURAMOCHI·· 76
- Anomalous Polarization in Resonance Raman Scattering and in
Resonance CARS, and Vibronic InteractionEtsuko FUJIMOTO·· 84
- Abstracts of Master Thesis** 97
- Academic Activities** 99
- Graduation Studies**106
