5. STONE
6. ダンシングオールナイト
7. OUT OF TIME
8. ロングバージョン
9. Hard to Explain
10. DAY DREAM
11. won't be long

GO AWAY

I'll waiting it, my baby
It's why not in my song
You got that in my baggage

You stole my key, my lady
and see you inside me
You'll getting it, my baby
Get out now

Black out! You saw
No! let me send one's fate

I don't care,
it's too late
We need life now

I don't care
Be all right
move on, long alone

I don't care,
it's too late
You need one's laugh

Go away go away go away

You break my heart, my baby
you only give your soul
I need some trouble, baby

I'm calling you, my baby
You keep away your call
I shot my guns soon, baby
Get out now

Black out! You saw
No! let me send one's fate

I don't care,
it's too late
We need life now

I don't care
Be all right
move on, long alone

I don't care,
it's too late
You need one's laugh

Go away go away go away

Black out! You saw
No! let me send one's fate

I don't care,
it's too late
We need life now

I don't care
Be all right
move on, long alone

I don't care,
it's too late
You need one's laugh

Go away go away go away
Go away go away go away

STONE

I can't stand to watch
And I'm losing my mind
I can't be no one else
and you? night and day

I love you, for love me
you want hello, call my name

If the past is static
then the day is spent
I like to stay up late,
and write secrets down

I love you, for love me
you want and lead

shock me, hit me
kiss me, once again
shock me, hit me
kiss me, come on! raise up now!

You want to be alone,
I'll be your friend
you look so lonely
I look you turn away

I love you, for love me
you want and lead

shock me, hit me
kiss me, once again
shock me, hit me
kiss me, come on! raise up now!

I love you, for love me
you want and lead

shock me, hit me
kiss me, once again
shock me, hit me
kiss me, raise up now!

shock me, hit me
kiss me, once again
shock me, hit me
kiss me, come on! raise up now!

ダンシングオールナイト

I saw, standing there,
walking in this town.
You show, talking there,
moving in this box.

Too many weekends with you,
I can, going night,
So many I guess, I believe.

Let me go, let me know
you can dancing all night
set me on, set me again
I can dancing all night
feeling good

He told, taking there,
calling in this car
She said, playing there,
running in this case.

Too many months and people,
I can, coming night,
So many I guess, I believe.

Let me go, let me know
you can dancing all night
set me on, set me again
I can dancing all night
feeling good

Too many weekends with you,
I can, going night,
So many I guess, I believe.

Let me go, let me know
you can dancing all night
set me on, set me again
I can dancing all night

Let me go, let me know
you can dancing all night
feeling good
so it goes.

OUT OF TIME

顔の中で 闇が覆っている 目に身をまかせて
キラキラ光る 視界の海で 泳ぎ続けている

あふれだす狂気へ 変わらぬ瞬間で
かわいた瞳の トビウをひらけ 何も考えずに

Somebody! Action!
Nobody! Action!
I go, you go, sad game

Na! you! out of time 両手を開きながら
No! you! out of time 足らないものをここでたしかめてる

心の中で 痛み上げていた 無銭なものまで
からだの中を かけめぐる血は 今を感じている

Somebody! Action!
Nobody! Action!
I go, you go, sad game

Na! you! out of time 両手開くと知りながら
No! you! out of time 消えないものをここで探している

Somebody! Action!
Nobody! Action!
I go, you go, sad game

Na! you! out of time 両手を開きながら
No! you! out of time 足らないものをここでたしかめてる

Na! you! out of time 両手開くと知りながら
No! you! out of time 消えないものをここで探している

ロングバージョン

Tell me why, you went there alone
Tell me why, he picks his long way
Tell me why, she wants the new song
Tell me why, I said you're the liar

When you were the boy,
what your mother said
you had to ride,
I see anything

slow love, you and me
soul love, you call me
for love, you hurt me?
all right all right all right

Start me up, you teach him a class
Start me up, I said, "I have no time."
When you were the boy,
what your mother said
you had to ride,
I get anything

slow love, you and me
soul love, you call me
for love, you hurt me?
all right all right all right

When you were the boy,
what your mother said
you had to ride
I see anything

slow love, you and me
soul love, you call me
for love, you hurt me?
all right all right all right

slow love, you and me
soul love, you call me
for love, you hurt me?
all right all right all right

BLACK BORDERS are

NODA BORDER Vocal & Guitars

KAWANISHI BLACK Drums & chorus

All Songs Written & Arranged by BLACK BORDERS

Recording Engineer: Tetsuhiro Miyajima
Assistant Engineer: Tomoki Kagami
